Parent & Tot Class

This class is designed for children ages 3-5 who have little to no experience on the ice and who would benefit from the security of having a parent on the ice with them. The focus of this class is on fun while introducing basic movements such as pushing and gliding. Confidence will be built through instruction and games.

The rink can be cold. All skaters should wear long pants and long sleeve shirts or turtlenecks as well as jackets that they can move in. Skaters should also wear gloves. A helmet is highly encouraged to protect little heads!
